

Essay by Edward

MY TOWN

My town is a great place to live, but there are a few problems here too. Firstly, the litter is the biggest problem in this town. If I were the mayor of this city, I would put more trash cans on the street so people wouldn't throw trash on the roads.

Secondly, we need to do something about the crime in the town. If I were the mayor, I would put more cameras on the streets.

The third problem is unemployment. Many offices have been built in the city, but this does not solve the problem with work. If I were a mayor, I would build more factories. There will be more jobs and more production.
